Muhammad waqas

WordPress Developer / Web Developer at insofti.com, root4tech.com

I'm skilled in both religious studies and creating websites. I have a Master's degree in Islamic and Arabic Studies and know the Quran by heart. I'm experienced in web development using HTML, CSS, JavaScript, and specialize in WordPress. I can blend my religious knowledge with technical skills and would love to use them in a job with a clear purpose.

📊 Strengths & Skills

- ✔ Bootstrap
- ✔ CSS
- ✔ HTML 5
- ✔ JavaScript
- ✔ WordPress
